KRILIUM IS A NEW AID TO PROFESSIONAL LAWN MAKERS - It improves soil structure by easily and quickly conditioning soil to a loose, crumbly state. Porous soil increases spreading root growth. The soil "takes" water more quickly, saves watering time. Lawns get a faster growing start. Lawns don't wash away. Soil doesn't crust and crack and prevent seed from sprouting.

APPLICATION RATES -- 10 lbs. will surface condition 3000 sq. ft. to prevent soil crusting and erosion and increase plant stand. Will treat 1000 sq. ft. to 3" deep, 500 sq. ft. to 6" depth. PRICE - KRILIUM LOAMAKER: 10 lbs. \$25.00; 25 lbs. \$58.75.
